**New Partner within the Argos Wityu investment team.**

Argos Wityu announces the promotion of Mario Giannattasio (France) as Partner.

Mario joined Argos Wityu in 2018 as a member of the French investment team and has over 12 years of experience in private equity and finance.

**Karel Kroupa, Managing Partner at Argos Wityu,** "We are delighted to announce the promotion of Mario to Partner within our firm. Over the past six years, he has made steady progress within our company, demonstrating exceptional dedication and expertise. This evolution of our team also supports our growth and increasing investment opportunities in the mid-market private equity segment."

Graduated in Engineering with a double degree from Politecnico di Milano (*cum laude*) and Ecole Centrale Paris with a specialization in economics and finance, Mario started his career at EY as a consultant where he worked in the Transaction Advisory practice in Paris (2013 – 2016) and New York (2016 – 2018).

Mario currently supports Julhiet Sterwen and Talentia where he also holds a position of board member. He also supported Juratoys, where he served as a board member (2018 – 2022). Mario has been supporting portfolio companies in their buy & build strategy in several industries.

#### **About Argos Wityu**

[argos.wityu.fund](https://argos.wityu.fund)

One firm, two strategies. Argos Wityu is an independent European private-equity group that supports the growth of mid-sized business and back their management teams.

With more that €1.8 billion assets under management, over 30 years of experience and more than 90 businesses supported, Argos Wityu operates from offices in Amsterdam, Brussels, Frankfurt, Geneva, Luxembourg, Milan, and Paris. The group seeks to acquire majority stakes and invests between €10m and €100m in each investment of its two strategies:

- The Mid-Market fund helps companies implement ownership transitions to accelerate growth.
- The Argos Climate Action fund (SFDR 9) aims at shaping European sustainable leaders by making their 'grey-to-green' transition.
